

# Delivering DI for Decades

## *Yesterday, today and tomorrow!*

**Looking for a DI carrier with a continued commitment to disability income insurance? Then consider what Assurity has to offer:**

### *Experience*

With a legacy that spans 120 years, Assurity has a long history in the disability insurance market. In fact, one of our predecessor companies' first sales was an accident-only disability insurance policy.

### *Expertise*

Assurity has a complete disability product portfolio – fully underwritten, simplified, impaired risk and business overhead protection – with a knowledgeable sales and underwriting staff dedicated to those lines.

### *Responsiveness*

Assurity's product portfolio is the result of agent and consumer feedback. We listen to ensure our products stay current with the times and valuable to the insured.

### *Reliability*

Assurity's mission is "helping people through difficult times." We are always striving for "best-in-class" customer service and fair claims payment. We will be there when your client needs us most!

### *Stability*

As some insurers suffer downgrades and financial uncertainty, Assurity has maintained a favorable rating, A- (Excellent) with a stable outlook, by A.M Best Company, and a strong investment portfolio.

*Assurity wants to be your disability insurance solution for decades more!*
